Monday	December 29, 2025	8:30 4:30 ³	Closed	8:30 4:30 ³	8:30 4:30 ³	Closed	Closed
Tuesday	December 30, 2025	8:30 12:00 ²⁻³	Closed	8:30 12:00 ²⁻³	8:30 12:00 ²⁻³	Closed	Closed
Wednesday, Thursday and Friday	December 31st 2025, January 1st and 2nd 2026	Closed	Closed	Closed	Closed	Closed	Closed
Monday	January 5, 2026	Regular schedule					

1. Regular analysis turnaround times may be extended until after the holidays. No residential samples or samples deposited outside scheduled hours will be accepted between December 22 and January 2, inclusive. Please contact your account manager for more information or special requests. No ecotoxicology, VOC, Salmonella, or Legionella analyses will be processed if received after December 10.

2. Microbiology analyses will be accepted for presence/absence only.

3. No Coliphage virus, Staphylococcus, or Pseudomonas analyses will be accepted; only frozen BOD5 analysis; no urgent turnaround accepted.

4. Check the availability of carriers and pickups during the holiday period to avoid exceeding conservation time limits. H2Lab is not responsible for delivery delays. Reduced staff, possible additional delays, and suspended collection routes (available only by prior agreement).

To contact your project manager: 1 877 326-8690

H2Lab wishes you a very Happy Holiday Season!
